

# EXQUISITE

# WELCOME

The beauty lies in the details... Our doors feature solid hardwood construction, hand-forged iron hardware and mortise and tenon joinery. Antigua offers completely "green" finishes ranging from natural linseed oils and hand-rubbed bees wax to a 20-step, water-based urethane process. We may also employ conversion varnishes upon request.

## ANTIGUA WOODWORKS

Multiple "green" finish options available on all pieces  
A proud member of the Sustainable Furniture Council
